### **Local Investment Advisor Earns Top Gun of the Decade from Informa PSN**

GRANDVILLE, MI (Feb. 23, 2011) Gimbal Capital Management, a Grandville-based investment advisor, earned a spot on the 'PSN Top Gun of the Decade' for its Income strategy for the ten years ended December 31, 2010, based on its rank as one of the top 10 performers in the U.S. balanced peer group tracked by Informa Information Services over the past decade.

Founded in 1994 by Daniel McAdams, Gimbal Capital Management serves investors in West Michigan. McAdams commented, "We are proud of our recognition as one of the top investment managers of the decade. Our ability to achieve this performance during one of the most difficult investment environments in history is a testament to our investment philosophy, which is active risk management and our dynamic core-augment process."

4 STAR CATEGORY: The peer groups were created using the information collected through the PSN investment manager questionnaire and uses only gross of fee returns. Products must have an R-Squared of 0.80 or greater relative to the style benchmark for the recent five year period. Moreover, products must have returns greater than the style benchmark for the three latest three-year rolling periods. The top ten returns for the latest three-year period then become the TOP GUNS.

5 STAR CATEGORY: The peer groups were created using the information collected through the PSN investment manager questionnaire and uses only gross of fee returns. Products must have an R-Squared of 0.80 or greater relative to the style benchmark for the recent five year period. Moreover, products must have returns greater than the style benchmark for the three latest three-year rolling periods. After that we select only the products which standard deviation for the five year period is equal or less than the median standard deviation for the peer group. The top ten returns for the latest three-year period then become the TOP GUNS.

6 STAR CATEGORY: The peer groups were created using the information collected through the PSN investment manager questionnaire and uses only gross of fee returns. Products must have an R-Squared of 0.80 or greater relative to the style benchmark for the recent five year period. Moreover, products must have returns greater than the style benchmark for the three latest three-year rolling periods. After that we select only the products which standard deviation for the five year period is equal or less than the median standard deviation for the peer group. The top ten information ratios for the latest five-year period then become the TOP GUNS.

Top Guns of The Decade Criteria: The PSN universes were created using the information collected through the PSN investment manager questionnaire and use only gross of fee returns. Mutual fund and commingled fund products are not included in the universe. Products must have an R-Squared of 0.80 or greater relative to the style benchmark for the latest ten year period. Moreover, products must have returns greater than the style benchmark for the latest ten year period and also Standard Deviation less than the style benchmark for the latest ten year period. At this point, the top ten performers for the latest 10 year period become the PSN Top Guns of the Decade.
